#### **MANUFACTURER**

Dendritics LLC 540 N. Commercial Street, 3rd Floor Manchester, NH 03101 603-966-3076 www.dendriticsllc.com email: info@dendriticsllc.com

## PRODUCT DESCRIPTION

## **BASIC USE**

Dynaseal Graffiti Ink and Black Felt Marker remover is extra strength, non-toxic, biodegradable, non-hazardous and environmentally friendly. It is a clear liquid with a very slight inoffensive odor.

The product does not contain any ozone depleting chemicals or methylene chloride.

It is safe for use on Plexiglass, Lexan, glass or any non-porous structures. Very effective remover on concrete and all cementitious structures.

## **APPLICATION INSTRUCTIONS**

## **TEST PATCH**

 Always prepare a test patch in an inconspicuous area prior to full application. This will indicate the time required for cleaning and suitability of product.

## **APPLICATION**

- Apply a generous amount of Graffiti and Ink Remover by spray, brush or roller to fully saturate the problem surface to be removed.
- Dwell time can be one to fifteen minutes. Repeat if needed. Do not prewash the surface to be cleaned prior to application. Optimum Temperature 55°F / 13°C or warmer. Applying in cooler temperatures will require longer dwell time.

## **BENEFITS:**

- Non-Toxic / Biodegradable.
- Safe for use Non-porous Surfaces such as Plexi and Lexan.
- Excellent Performance on Concrete and Cementitious Structures.
- Eco-Friendly Soap and Water Clean Up.

## **Limited Guarantee/Warranty**

The Manufacturers and Distributors liability under any expressed or implied guarantee/warranty/ is limited solely to replacement of product shown defective or a refund of the purchase price. Claims must be made within one year of purchase and be accompanied by a proof of purchase. The Manufacturers and Distributors shall not be liable for injury, cost of labor, or direct, incidental or consequential damages.

#### **CAUTION**

 Avoid eye or skin contact. Repeated or prolonged inhalation of vapors may cause slight irritation. Rubber gloves and safety glasses are recommended. Direct contact, remove clothing and wash with water.

#### **FIRST AID TREATMENT**

 In case of eye contact, flush with large amounts of water for 15 minutes. If irritation persists, get medical attention. For skin contact wash with soap and water. In case of respiratory difficulty, provide fresh air and call a physician. If swallowed call a physician immediately. KEEP OUT OF REACH OF CHILDREN
